

For Sale Residential Land for Development in Trimiklini

€450,000

Trimiklini, Limassol

Area

6355 m²

Type	**Development Land**
Title deed	**Yes**

An exceptional residential land plot with a total area of 6,355 sqm, ideally suited for low-density housing development. The property benefits from direct road access and features a large frontal façade, offering excellent visibility, accessibility, and design flexibility.

With a 15% building coefficient and 25% building density, the plot is perfectly adapted for the development of small residential houses, ensuring a well-balanced project that harmonizes with the surrounding environment.
